

COMPANY OVERVIEW

SBC Innovations provides powerful technology solutions to governmental organizations, emphasizing infrastructure modernization, cloud integration, and secure, mission-critical operations. Our team possesses significant experience in intricate government environments with rigorous compliance, performance, and security standards. From strategic planning to comprehensive implementation, we deliver the technical solutions with the flexibility required to enhance the evolving federal missions.

SBC Innovations

541 Poplar Street, Unit 200B
Cambridge, MD 21613

DUNS NO: 118619772

CAGE CODE: 9ABK3

UEID: D338VDGUL476

CORE COMPETENCIES

- Cyber Security Services
- Cloud Migrations and Infrastructure Operations Optimization
- Data, Information, & Analytics Management
- Application Development
- Artificial Intelligence Integration
- Transformation and Implementation Services
- Strategic Planning, Design, & Roadmap Adoption
- Program Management and Administrative Support

PAST PERFORMANCE

SBC Innovations supported the Department of Justice IT operations modernization, deployed a secure, scalable Virtual Desktop Infrastructure (VDI), and migrated legacy on-premises systems to AWS cloud with a 25% reduction in legacy application overhead. This solution streamlined collaboration, reduced reliance on physical infrastructure, and enabled seamless future system integration. By leveraging AWS, SBC Innovations cut costs, enhanced security and scalability, and built a foundation to expand to over 250,000 endpoints nationwide.

DIFFERENTIATORS

- Proven experience delivering secure, mission-critical solutions across multiple federal agencies.
- Agile, scalable team capable of rapid deployment in high-pressure, time-sensitive environments.
- Strong industry partnerships ensuring best-in-class solutions compliant with federal compliance standards (NIST, DISA STIGs, FedRAMP).
